        return None

```

SCRAPING

- ★ Collect all links / Some direct to list of awards / others have awards on main page
- ★ Attempted by collecting tables but had no identifiable ID or position
- ★ Instead selected by text: Award Ceremony & Result
- ★ Only grabs table all with same header row

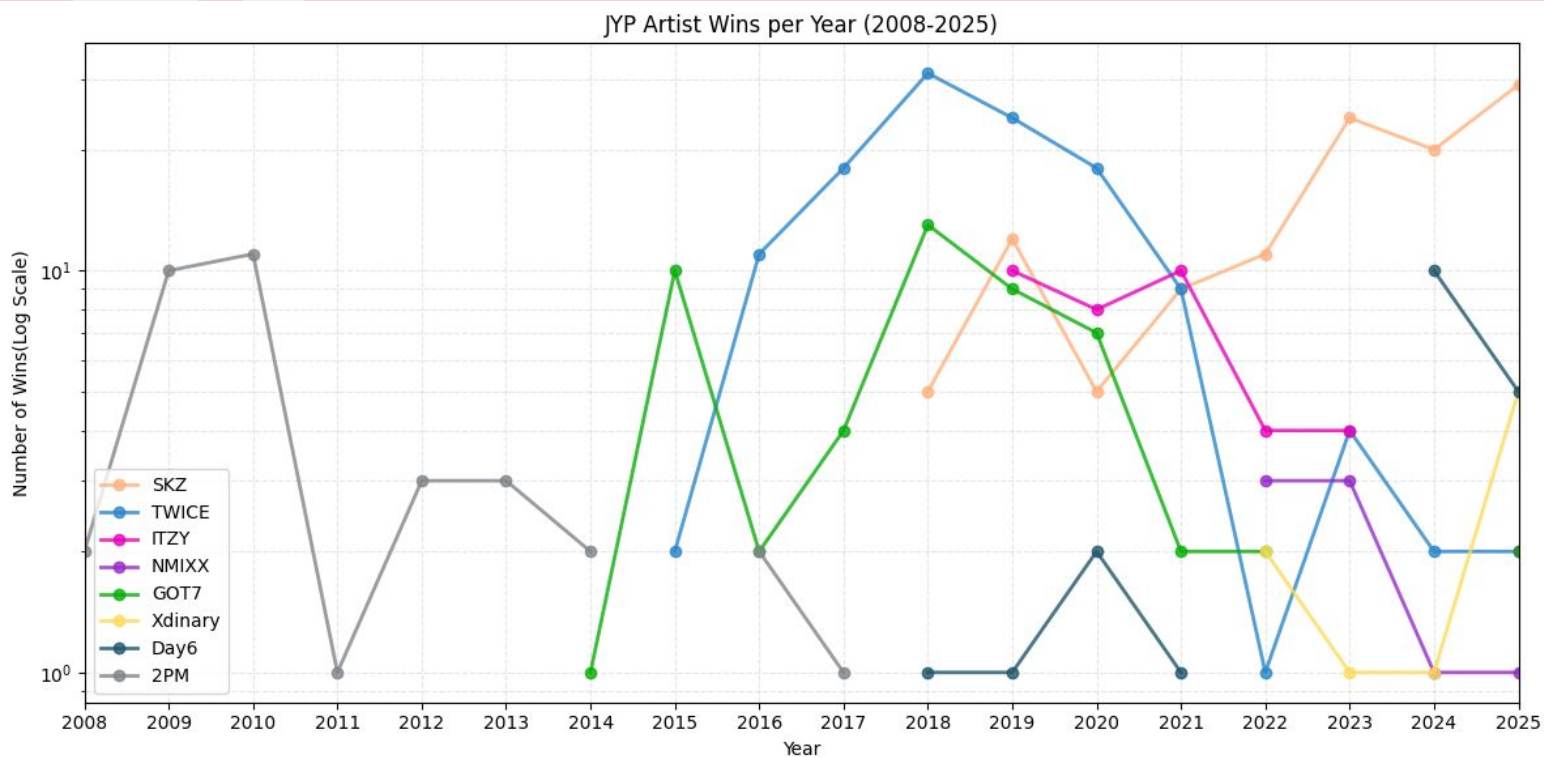

Wins Per Year

OBSERVATIONS

- ★ 2PM | Longest running Group, failed
- ★ Most wins | TWICE & Stray Kids
- ★ Most groups peak 1 to 3 years in

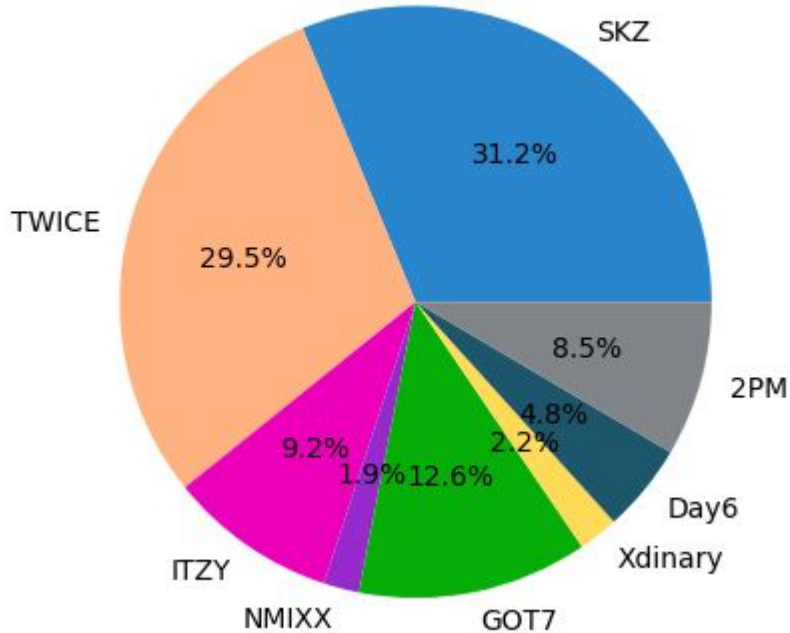

GRAPH DESC.

Log scaled to make differences easier to see

Plots the number of wins won by each group per year

Certain lines start "randomly" because debut dates differ

The Contribution of Each Group's Wins to their Company

OBSERVATIONS

- ★ SKZ(8 yrs) and TWICE(11 yrs) are the biggest contributors
- ★ SKZ earned more despite debuting three years after TWICE
- ★ Boy Groups earn more awards than Girl Groups
- ★ Smallest contributor with activity over 10 yrs: Day6

GRAPH DESC.

Percentage of contributions to JYP overall

Disproportionate; more boy groups than girl groups

From 2008 to 2025

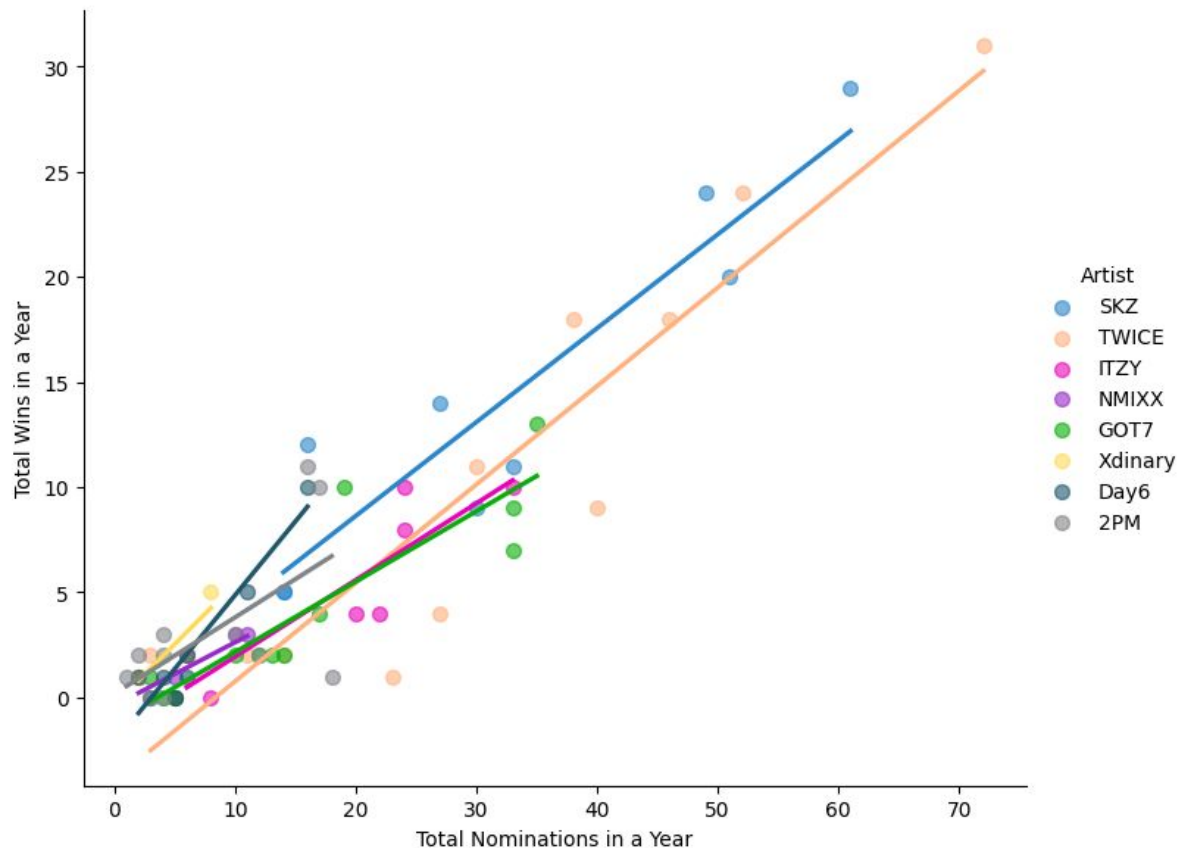

Xdinary Heroes and NMIXX debuted after 2020

Win Efficiency

Win Efficiency: Do More Nominations Equal More Wins?

OBSERVATIONS

- ★ TWICE most consistent group
- ★ Day6 most efficient
- ★ TWICE & SKZ nominated the most, and win the most + remained relevant
- ★ All girl groups less steep then at least one boy group

GRAPH DESC.

Plots total wins by total nominations

Every dot is a "year"

Dots closer to line, group is more consistent

Steeper line = More efficiency

Long line = has stayed relevant across the widest range of success levels.

THANK
YOU
